BOIL WATER NOTICE LIFTED

ESTE INFORME CONTIENE INFORMACIÓN MUY IMPORTANTE SOBRE SU AGUA POTABLE.

TRADÚZCALO O HABLE CON ALGUIEN QUE LO ENTIENDA BIEN

The Boil Water Notice issued for affected customers on Tuesday, May 22, 2018 has been lifted effective today, Thursday, May 24, 2018, for the Eagle Rock Water System.

What happened? What is being done? When will the problem be corrected?

There was a water main break which resulted in a water outage or low pressure for most customers in the EH, ER, ERII, Valley View and part of the North Ridge sections. You are receiving this notice because our records indicate that you reside in the affected area. Two sets of samples were collected from the distribution system on Tuesday, May 22 and Wednesday, May 23 and tested for total coliform bacteria. Both sets of samples passed bacteriological testing on Thursday, May 24, 2018.

It is no longer necessary to use boiled water or bottled water for drinking, making ice, brushing teeth, washing dishes and food preparation.

Aqua is committed to providing quality water and service to its customers. We apologize for the inconvenience and thank you for your patience. Although this matter has been resolved, if you have any questions or concerns, please contact Aqua's Customer Service at 877.987.2782.

Please share this information with all the other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.

For more information, please contact:
